QUESTIONS AND ANSWERS

Q: What am I voting on?

A: You are voting on the election of Directors for a term of one year. A Board of 10 Directors is to be elected, seven by the holders of Class A Common Stock, voting separately as a class, and three by the holders of Class B Common Stock, voting separately as a class. All Directors will hold office until the next Annual Meeting or until their respective successors shall have been elected and shall have qualified or as otherwise provided in the bylaws of the Company.

In the event that any nominee withdraws or for any reason is not able to serve as a Director and you have submitted a Proxy, Timothy J. O'Shaughnessy, Wallace R. Cooney, Jacob M. Maas and Nicole M. Maddrey, acting as your proxies, may vote for such other person as the Board of Directors may nominate.

In addition, if you are a holder of Class A Common Stock, you are voting on whether to approve the compensation paid to the Company's named executive officers for 2018. In accordance with rules of the U.S. Securities and Exchange Commission (the "SEC"), this vote is advisory in nature and non-binding.

Each of your shares entitles you to one vote with respect to each matter on which you may vote.

Q: What are the voting recommendations of the Board?

A: The Board recommends voting for each of the nominated Directors listed on the Proxy card. The Board knows of no reason that would cause any nominee to be unable to act or to refuse to accept nomination or election.

The Board also recommends voting for the approval of the compensation paid to the Company's named executive officers for 2018.

Q: Will any other matters be voted on?

A: We are not aware of any matters to be voted on other than the election of Directors and the Class A Shareholder advisory vote on compensation paid to the Company's named executive officers for 2018. If any other matter is properly brought before the Meeting and you have submitted a Proxy, Timothy J. O'Shaughnessy, Wallace R. Cooney, Jacob M. Maas and Nicole M. Maddrey, acting as your proxies, will vote for you at their discretion.

Q: How do I vote?

A: There are four ways to vote:

- By Internet at www.investorvote.com. We encourage you to vote this way;
- By toll-free telephone at 1-800-652-8683;
- By completing and mailing your Proxy card; or
- By written ballot at the Meeting.

If you vote by Internet or telephone, your vote must be received by 5:00 p.m., Eastern Daylight Saving Time, on the day before the Meeting. Your shares will be voted as you indicate. If you are a Class B Shareholder (other than as a participant in one of the Company's 401(k) plans with Graham Holdings Company Class B Common Stock allocated to your account) and do not indicate your voting preferences, Timothy J. O'Shaughnessy, Wallace R. Cooney, Jacob M. Maas and Nicole M. Maddrey, acting as your proxies, will vote your shares in favor of the applicable nominated Directors. If you are a participant in one of the Company's 401(k) plans with Graham Holdings Company Class B Common Stock allocated to your account, please see the Question "How do I vote if I participate in one of the Company's 401(k) plans?" Please note that for participants in these plans, **your voting direction must be received no later than 11:00 p.m., Eastern Daylight Saving Time, on April 29, 2019, which is earlier than the time at which votes must be received for shares held outside of these plans.**

If you are a Class A Shareholder and do not indicate your voting preferences, Timothy J. O'Shaughnessy, Wallace R. Cooney, Jacob M. Maas and Nicole M. Maddrey, acting as your proxies, will vote your shares in favor of the applicable nominated Directors and for approval of the compensation paid to the Company's named executive officers for 2018.

Q: How do I vote if I participate in one of the Company's 401(k) plans?

A: As a participant in one of the Company's 401(k) plans with Graham Holdings Company Class B Common Stock allocated to your account, you can direct the plan trustee how to vote Graham Holdings Company Class B Common Stock allocated to your account(s) on a proxy voting direction card, electronically through the Internet or by telephone. These plans are the Savings Plan for Graham Holdings Company, the Kaplan, Inc. Tax Deferred Savings Plan for Salaried Employees and the Kaplan, Inc. Tax Deferred Savings Plan for Hourly Employees (the "Plan(s)"). Vanguard Fiduciary Trust Company serves as the trustee (the "Plan Trustee") with respect to the Class B Common Stock allocated to accounts in the Plans. If you do not provide timely directions to the Plan Trustee or if you submit a proxy voting direction card and do not indicate your voting preferences, shares allocated to your account(s) will be voted by the Plan Trustee in the same proportion to those shares allocated to accounts of participants for which timely directions were received, unless contrary to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Plan participants may attend the Annual Meeting, but may not vote Plan shares at the Annual Meeting. If you wish to vote, whether you plan to attend the Annual Meeting or not, you should direct the Plan Trustee how you wish to vote your Plan shares **no later than 11:00 p.m., Eastern Daylight Saving Time, on April 29, 2019.**

Q: Who can vote?

A: You can vote if you were a shareholder of record as of the close of business on March 13, 2019 (the "Record Date"). If you hold shares in street name, your broker, bank or other nominee will instruct you as to how your shares may be voted by proxy, including whether telephonic or Internet voting options are available. You may not vote shares held in street name in person at the Meeting unless you have a Proxy executed in your favor by your broker, bank or other nominee.

Both Class A Shareholders and Class B Shareholders are entitled to vote on Proposal 1: Election of Directors. In accordance with the Company's constitutive documents and under Delaware corporate law, only Class A Shareholders are entitled to vote on Proposal 2: Advisory Vote to Approve 2018 Compensation Awarded to Named Executive Officers.

If you are a participant in one of the Company's 401(k) plans with Graham Holdings Company Class B Common Stock allocated to your account, you will be eligible to vote Class B Common Stock allocated to your account on Proposal 1: Election of Directors.

Q: Can I change my vote?

A: Yes. You can change your vote or revoke your Proxy at any time before the Meeting:

- By entering a new vote by Internet or telephone;
- By returning a later-dated Proxy card; or
- By voting in person at the Meeting, provided you first revoke your previously voted Proxy.

If you are a participant in one of the Company's 401(k) plans with Graham Holdings Company Class B Common Stock and wish to change your vote or revoke your Proxy, you must do so **no later than 11:00 p.m., Eastern Daylight Saving Time, on April 29, 2019**, by instructing the Plan Trustee in a manner described under the Question "How do I vote if I participate in one of the Company's 401(k) plans?" above.

Q: What vote is required to approve a proposal?

A: Directors will be elected by a plurality of the votes cast at the Meeting. This means that the seven Class A Shareholder nominees receiving the highest number of votes cast and the three Class B Shareholder nominees receiving the highest number of votes cast shall be elected. You do not have the right to cumulate votes in the election of Directors. A properly executed Proxy marked "WITHHELD" with respect to the election of one or more Directors will not be voted with respect to the Director or Directors indicated, although it will be counted for purposes of determining whether a quorum is present at the Meeting.

While Proposal 2 to approve the 2018 compensation awarded to the Company's named executive officers is non-binding and advisory in nature, it will be approved only on the favorable vote of a majority of the Class A Shareholders present or represented at the Meeting.

Broker non-votes will have no impact on the voting results for any of the proposals presented at the Meeting, and abstentions will have the effect of a vote against the proposal to approve the 2018 compensation awarded to the Company's named executive officers (Proposal 2). Abstentions will be counted for purposes of determining whether a quorum is present. For participants in one of the Company's 401(k) plans with Graham Holdings Company Class B Common Stock allocated to your account, if no voting direction is received or if the proxy voting direction card is returned unsigned or if you submit a proxy voting direction card and do not indicate your voting preferences, the Plan Trustee will vote the shares allocated to the accounts in the same proportion to those shares allocated to accounts of participants for which timely directions were received, unless contrary to ERISA.

Q: Who will count the vote?

A: Computershare, the Company's transfer agent and registrar, will count the vote. One of its representatives will be included among the persons authorized to certify the vote.

Q: Who can attend the Meeting?

A: All shareholders of record as of the close of business on March 13, 2019, can attend.

Q: What do I need to do to attend the Meeting?

A: To attend the Meeting, please follow these instructions:

- If you vote by using the enclosed Proxy card, check the appropriate box on the card.
- If you vote by Internet or telephone, follow the instructions provided for attendance.
- If a broker or other nominee holds your shares, bring proof of your ownership with you to the Meeting.

Seating at the Meeting will be on a first-come, first-served basis upon arrival at the Meeting. Participants in the Company's 401(k) plans with Graham Holdings Company Class B Common Stock may attend the Annual Meeting, but may not vote Plan shares at the Annual Meeting and should instead rely on the procedures described under the Question "How do I vote if I participate in one of the Company's 401(k) plans?" above.

Q: Can I bring a guest?

A: No. The Meeting is for shareholders only.

Q: What is the quorum requirement of the Meeting?

A: A majority of the outstanding shares on March 13, 2019, constitutes a quorum for voting at the Annual Meeting, except that (i) for purposes of the election of seven Directors by the holders of Class A Common Stock (Proposal 1) and the advisory vote on whether to approve the compensation paid to the named executive officers of the Company in 2018 (Proposal 2), a quorum requires a majority of the outstanding shares of Class A Common Stock on March 13, 2019, and (ii) for purposes of the election of three Directors by the holders of Class B Common Stock (Proposal 1), a quorum requires a majority of the outstanding shares of Class B Common Stock on March 13, 2019. If you vote, your shares will be part of the quorum. All Class B Common Stock allocated to the accounts of participants in one of the Company's 401(k) plans will be voted and will be counted in determining a quorum. Abstentions will be counted in determining the quorum. On March 13, 2019, there were 964,001 shares of Class A Common Stock and 4,350,973 shares of Class B Common Stock, in each case, outstanding and entitled to vote.

Q: Who is soliciting Proxies?

A: Solicitation of Proxies is being made by the Company's management through the mail, in person, on the Internet or by telephone, without any additional compensation being paid to such members of the Company's management. The cost of such solicitation will be borne by the Company. In addition, the Company has requested brokers and other custodians, nominees and fiduciaries to forward Proxy cards and Proxy soliciting material to shareholders, and the Company will pay their fees and reimburse them for their expenses in so doing.

Q: When are the shareholder proposals due for the Company's 2020 Annual Meeting of Shareholders?

A: Shareholder proposals submitted by shareholders entitled to vote on such matters, meeting the requirements of the SEC's proxy rules, must be in writing, received by November 22, 2019, and addressed to the Secretary of the Company at 1300 North 17th Street, Suite 1700, Arlington, VA 22209. Shareholder proposals submitted by shareholders entitled to vote in such matters and submitted outside the processes of Rule 14a-8 of the Exchange Act must be submitted no later than February 5, 2020, to be considered a timely submission.

Holders of Class B Common Stock are entitled to vote for the election of 30% of the members of the Board of Directors (and, if required by the rules of the New York Stock Exchange, on management proposals to reserve shares for stock options or to acquire the stock or assets of other companies under certain circumstances). In accordance with the rules of the Securities and Exchange Commission, proposals submitted on other matters by holders of Class B Common Stock have not been, and will not be, included in the Company's Proxy materials for the Meeting.

A: Beneficial holders who share a single address may receive only one copy of the notice or the proxy materials, as the case may be, unless their broker, bank or other nominee has received contrary instructions from any beneficial holder at that address. This is known as householding. PROPOSAL 1: ELECTION OF DIRECTORS

NOMINEES FOR BOARD OF DIRECTORS

The Company seeks Directors of the highest personal and professional ethics, integrity and business acumen who are committed to representing the long-term interests of the Company's shareholders. In considering its composition, the Board considers the skills and experience of prospective nominees in the context of the needs of the Board and seeks Directors who are "independent" under applicable law and listing standards, despite being exempt from such requirement as a "controlled company." The Company's Corporate Governance Guidelines do not prescribe specific standards regarding the diversity of the Board, but the Board considers as a matter of practice the diversity of prospective nominees (including incumbent Directors), both culturally and in terms of the range of perspectives that the Board as a whole brings to its work. The following nominees for Director have established records of accomplishment in areas relevant to the Company's strategy and operations and share characteristics identified in the Company's Corporate Governance Guidelines and Statement of Ethical Principles as essential to a well-functioning deliberative body: honesty, integrity, independence, competence, diligence and commitment to the interests of all shareholders to build long-term shareholder value.

The Company is a diversified education and media company whose operations include educational services; television broadcasting; online, print and local TV news; social-media advertising services; home health and hospice care; and manufacturing. The Company serves customers in a rapidly evolving, highly regulated, competitive and technological environment. The Directors' expertise and experience encompass the areas of education, media, technology, marketing, international business and finance, journalism, law, government and public policy. All of the Directors have held senior positions as leaders of government or complex organizations (both for-profit and non-profit) and gained expertise in core management skills, such as strategy and business development, innovation, line operations, brand management, finance, compensation and leadership development, compliance and risk management. They have significant experience in corporate governance and oversight through their positions as senior executives and as Directors (or Trustees) of public companies and other institutions, and many have served as members of audit, compensation and governance committees at such companies or institutions, as well as at the Company. These skills and experience are pertinent to the Company's current and evolving business strategies, as well as to the Board's oversight role, and enable the Company's Directors to provide diverse perspectives about the complex issues facing the Company.

The following biographies highlight specific qualifications, skills and experience of each of the Director nominees.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF EACH OF THE NOMINATED DIRECTORS.

Board Committees

The standing committees of the Board are the Audit Committee, Compensation Committee, Finance Committee and Executive Committee.

Given the ownership structure of the Company and its status as a “controlled company” (see page 12), the Board does not have a nominating committee. Decisions on nominees to the Board are made through consultation among the Chairman of the Board and the other members of the Board. The Company has not utilized the services of any third party to assist in identifying and evaluating nominees.

Audit Committee

The functions of the Audit Committee include overseeing (i) management’s conduct of the Company’s financial reporting process (including the development and maintenance of systems of internal accounting and financial controls); (ii) the integrity of the Company’s financial statements; (iii) the Company’s compliance with legal and regulatory requirements; (iv) the qualifications and independence of the Company’s outside auditor; (v) the performance of the Company’s internal audit function; (vi) the outside auditor’s annual audit of the Company’s financial statements; and (vii) the preparation of certain reports required by the rules and regulations of the SEC. A current copy of the Audit Committee’s Charter is available on the Company’s website, www.ghco.com; a copy of such Charter will be furnished without charge to any shareholder upon written request addressed to the Treasurer, Graham Holdings Company at 1300 North 17th Street, Suite 1700, Arlington, VA 22209.

Christopher C. Davis, Thomas S. Gayner (Chairman) and G. Richard Wagoner, Jr. served on the Audit Committee in 2018. The Board of Directors has determined that all members of the Audit Committee are non-employee, “financially literate,” “independent” Directors within the meaning of the New York Stock Exchange listing standards. None of the members of the Audit Committee has accepted, other than in his capacity as a Committee or Board member, any consulting, advisory or other compensatory fee from the Company or its affiliates, and none of the members of the Audit Committee has a material relationship with the Company. Jack A. Markell was appointed to the Audit Committee in January 2019.

The Board has determined that Thomas S. Gayner has the requisite background and experience to be (and is) designated an “audit committee financial expert” within the meaning of Item 407(d)(5)(ii) of Regulation S-K due to his extensive experience, as discussed under “Proposal 1: Election of Directors.” In addition, the Board has determined that all of the members of the Audit Committee are well grounded in financial matters and are familiar with generally accepted accounting principles. All of the members of the Audit Committee have a general understanding of internal controls and procedures for financial reporting, as well as an understanding of audit committee functions. To the extent that matters come before the Audit

Committee that involve accounting issues, the members of the Audit Committee consult with and rely on management, in addition to external experts, such as the Company's independent registered public accountants, PricewaterhouseCoopers LLP. In addition, the Audit Committee has authority to obtain advice from internal or external legal or other advisors.

The Audit Committee held seven meetings in 2018.

Compensation Committee

The functions of the Compensation Committee include (i) reviewing and approving the compensation of the Company's Chief Executive Officer and President and other members of senior management and the Board (including, among other elements of compensation, annual base salary, annual incentive opportunities and long-term incentive opportunities); (ii) overseeing the administration and determination of awards under the Company's compensation plans; and (iii) preparing any report on executive compensation required by the rules and regulations of the SEC. A current copy of the Compensation Committee's Charter is available on the Company's website, www.ghco.com; a copy of such Charter will be furnished without charge to any shareholder upon written request addressed to the Treasurer, Graham Holdings Company at 1300 North 17th Street, Suite 1700, Arlington, VA 22209.

Lee C. Bollinger, Anne M. Mulcahy (Chairman) and Larry D. Thompson served on the Compensation Committee in 2018. All members of the Compensation Committee are non-employee Directors and have been determined to be "independent" within the meaning of the listing requirements of the New York Stock Exchange applicable to service on compensation committees. Katharine Weymouth was appointed to the Compensation Committee in January 2019.

The Compensation Committee held six meetings in 2018.

Finance Committee

The functions of the Finance Committee include (i) reviewing with management the capital needs of the Company and (ii) considering and making recommendations to the Board related to dividend policy, major acquisitions and dispositions of businesses, incurrence of indebtedness, selection of managers of defined benefit plan assets, stock repurchase programs and certain other financial matters.

Christopher C. Davis (Chairman), Thomas S. Gayner, Donald E. Graham, Timothy J. O'Shaughnessy and Katharine Weymouth served on the Finance Committee in 2018.

The Finance Committee held one meeting in 2018.

Executive Committee

The Executive Committee has and may exercise all of the powers of the Board that may be delegated by law in the management of the business and affairs of the Company and exercises the authority of the Board between meetings.

Christopher C. Davis, Donald E. Graham (Chairman), Anne M. Mulcahy and Timothy J. O'Shaughnessy served on the Executive Committee in 2018.

The Executive Committee held no meetings in 2018.

Meeting Attendance

The Board held a total of five meetings in 2018. Each Director attended at least 75% of the meetings of the Board and the committees of the Board on which the Director served.

The Board does not have a policy of requiring Directors to attend annual meetings of shareholders and leaves it at the discretion of each Director as to whether he or she will attend the meeting. In addition to the Chairman, nine Directors attended the 2018 Annual Meeting of Shareholders.

Director Compensation

During 2018, non-employee Directors received the following annual payments:

- \$150,000 as a cash retainer; and
- reimbursement of out-of-pocket expenses for the meetings they attended.

Each non-employee Chair of a committee of the Board received an additional \$20,000. Members of the Audit Committee received an additional \$20,000 annually for their service on that committee. Employee Directors received no compensation for serving on the Board.

The total 2018 compensation of non-employee Directors is shown on the following table:

DIRECTOR COMPENSATION

Name	Fees Earned or Paid in Cash (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)	All Other Compensation (\$)	Total (\$)
Lee C. Bollinger	\$150,000	—	—	\$150,000
Christopher C. Davis	190,000	—	—	190,000
Thomas S. Gayner	190,000	—	—	190,000
Jack A. Markell	150,000	—	—	150,000
Anne M. Mulcahy	170,000	—	—	170,000
Larry D. Thompson	150,000	—	—	150,000
G. Richard Wagoner, Jr.	170,000	—	8,000 (1)	178,000
Katharine Weymouth	150,000	—	—	150,000

(1) Charitable contribution made pursuant to the Company's matching gift program.

The Company has in place a voluntary Deferred Compensation Plan for Directors of the Company. The Company closed the Deferred Compensation Plan to new participants and new deferrals for existing participants as of December 2015. This plan provided an opportunity for participants to elect to defer the receipt of either all or a portion of the fees received for service as a Director. Elections to defer had to be filed in advance of earning such fees. Deferred amounts will earn investment credits in accordance with participant elections from a choice of investment funds (based on the funds available under the Company's 401(k) plan). None of the deferred amounts was credited with above-market interest. Deferred amounts are payable upon separation from service or such other future date as specified by the participant at the time of election. The Company does not provide stock awards, option awards or other equity or non-equity incentive compensation to non-employee Directors.

“Controlled Company”

The descendants of Katharine Graham (including the Company's Chairman of the Board) and trusts for the benefit of those descendants own the majority of the shares of Class A Common Stock and have the right to vote for 70% of the Board of Directors; thus the Company is a “controlled company” for purposes of Section 303A.00 of the New York Stock Exchange Listed Company Manual. As a “controlled company,” the Company is exempt from certain governance requirements, including the requirement that it have a nominating/corporate governance committee, and the Company does not deem it necessary to have such a committee. The Company does not have a procedure by which shareholders may recommend nominees to the Board, given the Company's ownership structure. Notwithstanding the fact that as a “controlled company,” the Company is not required to have a Board of Directors that comprises a majority of “independent” directors, the Board has determined that current members Lee C. Bollinger, Christopher C. Davis, Thomas S. Gayner, Anne M. Mulcahy, Jack A. Markell, Larry D. Thompson, G. Richard Wagoner, Jr. and Katharine Weymouth (who, together, constitute a majority of the Board) are “independent” within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual. In reaching this conclusion, the Board considered commercial relationships with companies at which Directors or their family members served as outside directors or executive officers. These relationships involved the Company's purchases of services in the ordinary course of business that were made on arm's-length terms under circumstances and in amounts that did not affect the relevant Directors' independence.

Meetings of the Non-Management Directors

The listing requirements of the New York Stock Exchange call for the non-management Directors of the Company to meet regularly in executive session without management. The Board has appointed Christopher C. Davis as lead independent Director and has authorized him to preside at the executive sessions. The non-management Directors met in executive session in September of 2018 and expect to meet in executive session in 2019 as appropriate.

Compensation Committee Interlocks and Insider Participation

Lee C. Bollinger, Anne M. Mulcahy and Larry D. Thompson served as members of the Compensation Committee in 2018. These members have never been an employee of the Company. Katharine Weymouth, who was appointed to the Compensation Committee in January 2019, was employed at The Washington Post as CEO and Publisher until its sale on October 1, 2013. No executive officer of the Company serves on the compensation committee of any other entity that has, or has had, one or more of its executive officers serving on the Company's Board of Directors.

Board Leadership Structure and Role in Risk Oversight

While as a "controlled company," the Company is not legally required to have a majority of independent Directors, the majority of the Board, in fact, comprises independent Directors who act as an effective counterbalance to Mr. Graham, Chairman of the Board, and Mr. O'Shaughnessy, as President and Chief Executive Officer. The Board also appoints a lead independent Director. Christopher C. Davis serves in this capacity. The lead independent Director typically chairs executive sessions of Board meetings and consults with Messrs. Graham and O'Shaughnessy and senior management regarding issues to be included in Board meeting agendas. The lead independent Director is also expected to collaborate with Mr. O'Shaughnessy in reviewing key operational and other matters and to act as a liaison between Messrs. Graham and O'Shaughnessy and the independent Directors.

The Board as a whole actively considers strategic decisions proposed by management, including matters affecting the business strategy and competitive and financial positions of the Company, and monitors the Company's risk profile. Board meetings are focused on strategic matters affecting major areas of the Company's business, including operational, execution and competitive risks and risk management initiatives. The Board fulfills certain risk oversight functions through its standing committees. For example, the Finance Committee reviews and makes recommendations to the Board related to major acquisitions or dispositions, including with respect to attendant risks, and the Compensation Committee addresses the risk profile of the Company's compensation program and arrangements. The Audit Committee also plays a key role in risk oversight, particularly with respect to financial reporting, accounting and compliance matters.

Risk oversight activities are supported by internal reporting structures that aim to surface directly to the Board key matters that can affect the Company's risk exposures. For example, the head of the Company's internal audit function reports directly to the Audit Committee. The Company has also established a management-level Compliance Committee that reports periodically to the Audit Committee about regulatory risks affecting the Company's education businesses, as well as a Disclosure Controls Committee, chaired by the General Counsel, that reports directly to the Audit Committee on certain matters relating to the Company's public disclosures.

Communicating With Directors

Interested parties may communicate concerns to the lead Director or to the other Directors of the Company through Navex Global, the Company's third-party-managed hotline, via telephone at 1-866-687-8972 or online at <https://ghco.alertline.com>.

STOCK HOLDINGS OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The information in the following two tables relates to each person who, on February 1, 2019, was a "beneficial owner" (as defined under the proxy rules of the Securities and Exchange Commission) of more than 5% of the Company's Class A or Class B Stock and to the stock holdings of Directors and officers. Under the proxy rules, a person is deemed to be the "beneficial owner" of stock if such person has (or shares) either investment power or voting power over such stock or has (or shares) the right to acquire such stock within 60 days by any of a number of means, including the conversion of another security that is convertible into such stock. A substantial number of shares of the Company's Class A and Class B Common Stock are held in trusts or subject to other agreements that provide for the sharing of investment power, voting power or both among several persons, each of whom is deemed by the Securities and Exchange Commission to be a "beneficial owner" of the shares so held. Furthermore, in many cases, such persons do not include the beneficiary of the trust who, although not deemed to be a "beneficial owner" in the absence of voting or investment power over the shares, is nevertheless shown below as a "beneficial owner" because of the beneficiary's economic interest in the shares. In addition, since all of the shares of Class A Stock are convertible at the option of the holder into Class B Stock on a share-for-share basis, each "beneficial owner" of shares of Class A Stock is deemed by the Securities and Exchange Commission to be a "beneficial owner" of the same number of shares of Class B Stock. In indicating below a person's "beneficial ownership" of shares of Class B Stock, it has been assumed that such person has converted into Class B Stock all shares of Class A Stock of which such person is a "beneficial owner." For these reasons, there is substantial duplication in the numbers of shares and percentages shown in the following table.

Principal Holders of Stock

PROPOSAL 2: ADVISORY VOTE TO APPROVE 2018 COMPENSATION AWARDED TO NAMED EXECUTIVE OFFICERS

As required by Section 14A of the Securities Exchange Act of 1934 and the corresponding SEC rules, the Company is seeking an advisory, non-binding shareholder vote from its Class A Shareholders with respect to compensation awarded to its named executive officers for 2018. On May 4, 2017, the Company's Class A Shareholders voted unanimously in favor of an annual, non-binding shareholder advisory vote on executive compensation and, in consideration of the outcome of the frequency vote, the Board determined to hold such advisory vote each year. The Company's executive compensation program and compensation paid to its named executive officers are described under the heading "Executive Compensation" in this Proxy Statement. The Compensation Committee oversees the program and compensation awarded, adopting changes to the program and awarding compensation as appropriate to reflect the Company's circumstances and to promote the main objective of the program: to motivate talented employees in order to increase value for shareholders by facilitating long-term growth of the Company. If you are a Class A Shareholder, you may vote for or against the following resolution, or you may abstain. The Compensation Committee will consider the outcome of the vote, along with other relevant factors, in evaluating its executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS THAT CLASS A SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE FOREGOING RESOLUTION.

Overview of Compensation Program

The Committee has responsibility for establishing and continually monitoring adherence to the Company's compensation philosophy—a philosophy designed to attract, retain and motivate qualified and talented employees who are enthusiastic about the Company's mission and culture. The Committee, which is composed entirely of independent Directors, chaired by Anne M. Mulcahy and including Lee C. Bollinger, Larry D. Thompson and beginning in January 2019, Katharine Weymouth, seeks to establish total compensation packages that are attractive to employees and comparable to, but not dramatically different from, those offered by peer companies with comparable revenue in similar industries. Through regular meetings and discussions with management, the Committee ensures that the total compensation paid to all executives, including named executive officers of the Company, is fair, reasonable and based on performance goals established to increase value for shareholders by facilitating the long term growth of the Company. The Committee considers both the Company's short-term and long-term plans in determining compensation. Annual plans are used to motivate and reward management for achieving specific yearly goals. Long-term plans, typically three or more years in duration, are designed to reward cumulative long-term goals. All performance criteria, however, including those in annual or relatively short-term plans, are designed to reward executives for making decisions that will enhance the long-term value of the Company. Compensation paid pursuant to these plans may be cash or stock-based compensation. The Company has historically favored cash compensation over non-cash compensation, as management and the Committee believe that cash incentives provide more targeted rewards for specific performance. However, the Company does not apply a specific formula for allocating between cash and non-cash compensation or short- and long-term compensation. Instead, management and the Committee select the method of compensation thought most likely to lead to achievement of the particular goal.

The named executive officers receive an annual salary and participate in performance-based annual bonus plans and three- or four-year cash-based Long-Term Incentive Plans ("LTIPs") (including the Performance Unit Plan and/or the Kaplan LTIP in the case of Mr. Rosen) and, in certain circumstances, have received restricted stock and/or stock options, as determined by the Committee on an individual basis. Mr. Rosen also receives benefits pursuant to the Supplemental Executive Retirement Plan (the "SERP"), which was closed to new participants in December 2015.

Compensation Committee Role and Responsibility

The Board has delegated to the Committee the responsibility of overseeing the administration of the Company's compensation plans and the preparation of all reports and documents required by the rules and regulations of the SEC. The Committee annually reviews and approves the corporate goals and objectives upon which the compensation of the President and Chief Executive Officer and senior management, including the named executive officers, is based. The Committee evaluates the President and Chief Executive Officer's performance in light of these goals and objectives. Furthermore, the Committee reviews and makes recommendations to the Board with respect to any incentive compensation plans, including equity-based plans, to be adopted or submitted to the Company's shareholders for approval. The Committee reviews the Company's succession plans, including (i) the President and Chief Executive Officer's recommendations as to a successor, should he become disabled or unable to perform his duties for an extended period of time, and, annually, (ii) the Company's efforts at management development.

The Committee may request that any officer or employee of the Company, or any of its affiliates, or the Company's outside counsel or an independent auditor attend meetings of the Committee or meet with any members of, or consultants to, the Committee. The Committee has authority to retain or terminate any compensation consultant used to assist in the evaluation of Director, President and Chief Executive Officer or senior management compensation and has sole authority to approve the

consultant's fees and other retention terms. The Committee also has authority to obtain advice and assistance from internal or external legal, accounting or other advisors. In 2018, the Committee retained Semler Brossy to review the compensation package of Mr. O'Shaughnessy and Laura O'Shaughnessy, a daughter of Donald E. Graham and the wife of Mr. O'Shaughnessy, who serves as Chief Executive Officer of SocialCode, a social-media marketing technology and services company, wholly owned by the Company. The Committee reviews the performance, independence and conflict of interests of its compensation consultant in accordance with applicable standards, and no independence or conflict of interest issues were identified with Semler Brossy.

During 2018, the Committee met six times. A copy of the Company's Compensation Committee Charter is available under the "Investor Relations-Corporate Governance" tab at www.ghco.com.

Role of Executive Officers in Compensation Decisions

Mr. O'Shaughnessy, President and Chief Executive Officer, and Ms. Denise Demeter, Vice President-Chief Human Resources Officer and secretary of the Committee, attended all six Committee meetings.

Mr. O'Shaughnessy and Ms. Demeter recommend to the Committee the size of each component of compensation for each of the executive officers (other than their own) and for all employees earning annual salaries of \$400,000 or more or bonuses of \$250,000 or more. Recommendations are based on a discussion with the employee's division head, a review of his or her performance and a comparison of available compensation survey data for that job and geographic area. The Committee examines each of the suggested compensation actions and, in its sole discretion, modifies the awards when appropriate to better reflect the goals of the Company. The Committee makes all compensation decisions for the executive officers of the Company and relevant employees, except with respect to any perquisites under \$200,000 per named executive officer that may be approved by Mr. O'Shaughnessy.

Mr. O'Shaughnessy was not present during the portion of the Committee meetings when his compensation or that of his wife, Laura O'Shaughnessy, was discussed by the Committee.

Setting Executive Compensation

To meet the Committee's objectives, at its request, the President and Chief Executive Officer and the secretary of the Committee draft annual and long-term incentive-based cash and non-cash executive compensation plans. The Committee discusses, reviews and, in its sole discretion, modifies the formula and goals established for various awards under the plans before the plans take effect, which is typically no later than the end of the first quarter of the first year covered by the plan.

The Company adopts a holistic view on executive compensation. The Company compares its executive salaries, annual bonuses and long-term incentives to those of companies in similar industries and with comparable revenues and generally considers the compensation structures maintained by similarly situated companies, but does not target its executive compensation at a certain level or percentage based upon other companies' arrangements. At least once a year, the Committee evaluates the individual compensation of the Company's senior executives (including the named executive officers) against market data provided by outside surveys or public information (such as the proxy filings of peer companies). The Committee defines its peer group as companies operating in the same industries (Conglomerates, Education and Media) with one-half to two times the Company's prior fiscal year revenue. In 2018, the Committee reviewed data from the Equilar Executive Compensation Survey and the Willis Towers Watson Media Executive Compensation Survey. Where public data for

comparable roles were available, the Committee also considered the compensation of its senior executives (including the named executive officers) in relation to the following peer companies:

Adtalem Global Education Inc.	John Wiley & Sons Inc.

As described below, a significant portion of the Company’s executive compensation is linked directly to business unit and corporate performance and stock appreciation. Section 162(m) of the Internal Revenue Code, as was in effect prior to 2018, provided that compensation in excess of \$1 million per year paid to the Company’s chief executive officer and the three other highest paid executive officers (other than the chief financial officer) would not be deductible unless it qualified as “performance-based” compensation. The Tax Cuts and Jobs Act, which was signed into law in December 2017, eliminated the exception for “performance-based” compensation and expanded the scope of executives considered to be “covered employees” subject to Section 162(m) with respect to 2018 and future years. As a result, except to the extent that compensation is eligible for limited transition relief applicable to binding contracts in effect on November 2, 2017, in general, compensation over \$1 million per year paid to any named executive officer (and anyone who was otherwise a “covered employee” for purposes of Section 162(m) for any year, beginning with 2017) will be nondeductible under Section 162(m).

Risk Assessment of Compensation Program

During 2018, the Compensation Committee met with Mr. O’Shaughnessy and Ms. Demeter to review and discuss the impact of executive compensation programs on organizational risk. The Compensation Committee determined that compensation programs have sufficient risk mitigation features in each of the plans and do not encourage or reward employees for taking excessive or unnecessary risk. The Compensation Committee believes that the Company’s compensation programs constitute an appropriate mix of short- and long-term incentive compensation that rewards employees, while balancing risks through the delayed payment of long-term awards. As a result of the compensation risk review, the Compensation Committee determined that the overall risk of compensation programs exposing the organization to unnecessary or excessive risks that threaten the value of the Company is low.

Elements of Compensation

The compensation package offered by the Company to its executive officers comprises the following components:

- Competitive base salary;
- Short-term cash incentive compensation in the form of performance-based annual bonuses;
- Long-term cash incentive compensation, typically based on performance over three or more years;
- Long-term equity-based incentive compensation in the form of restricted stock and/or stock options; and
- Retirement benefits.

Base Salary

The Company pays the named executive officers base salaries to compensate them for services rendered during the fiscal year. Salaries for the named executive officers are based on their responsibilities, their prior experience and their recent

performance and are evaluated against market data provided by outside surveys. For additional details on the use of outside surveys, see “Setting Executive Compensation” above. Salaries are typically reviewed on a 12-month or longer cycle, except when there is a significant change in an executive’s responsibilities during such cycle. Such adjustments are determined by evaluating (i) the scope of the new responsibilities, (ii) the competitive market value of that role, (iii) the performance of the individual and (iv) the performance of the Company.

With respect to the base salary paid to Mr. O’Shaughnessy in 2018, the Committee considered the base salaries paid to president and chief executive officers of peer companies and the Company’s results in 2017.

Performance-Based Incentive Compensation

To supplement base salaries and to reward management (including the named executive officers and other employees key to the long-term success of the Company) for meeting specific individual and financial goals, the Class A and Class B Shareholders of the Company adopted the 2012 ICP in May 2012. Prior to the adoption of the 2012 ICP, performance-based incentive compensation was awarded under the Incentive Compensation Plan (adopted in 2001) or the Stock Option Plan (reauthorized in 2003).

The purpose of these plans was and is to provide greater incentives to those employees who have been or will be responsible for the Company’s future growth, profitability and continued success and to strengthen the ability of the Company to attract, motivate and retain such employees. There are at present approximately 138 employees of the Company who are participants in the 2012 ICP and receive annual bonus awards and/or hold restricted stock, stock options, Performance Units or LTIP units granted under the 2012 ICP. The named executive officers participate in certain of these programs.

Annual Bonuses

The 2012 ICP provides for annual incentive compensation awards based on the Company and its business units’ financial performance compared to goals set immediately prior to or at the beginning of the year in which the award is to be earned. The payout upon the achievement of such goals is equal to a percentage of base salary, which is also set at the beginning of the year. Those percentages are determined on an individual basis, taking into account the responsibilities, prior experience and recent performance of the relevant employee. The 2018 target annual bonus award for each of the named executive officers, as a percentage of base salary, was as follows: Mr. O’Shaughnessy, 100%; Mr. Rosen, 100%; Mr. Cooney, 50%; Ms. Maddrey, 40%; and Mr. Maas, 40% (increased from 30% on January 1, 2018).

In 2018, the total annual bonus formula for the named executive officers, except for Mr. Rosen, was based on a diluted earnings per share target for the Company because the Committee believed that such a goal would align the interests of shareholders and the named executive officers in growing the value of the Company. For details regarding Mr. Rosen’s annual bonus, see below. The potential payouts for the annual bonus range from 0% to 200% of target, based on actual Company or business unit financial performance, with a threshold achievement of 80% of the diluted earnings per share target for the Company necessary for any amounts to be paid with respect to the 2018 annual bonus for the applicable named executive officers, and the maximum potential payout available in the event 140% of the diluted earnings per share target for the Company is attained. Management and the Committee believe that they have designed the targets to be challenging, but achievable. The Company has achieved its financial goals and paid out at or above target in the annual bonus portion of the 2012 ICP in four of the past five years; in 2017, the Company achieved less than 100% of its earnings per share goal, as adjusted to exclude certain items.

The diluted earnings per share goal for 2018 was \$34.37. In setting the goal for annual bonuses, the Committee established a formula that included adjustments for certain items, to the extent that actual amounts varied from those in the 2018 annual budget. Specifically, these adjustments included additions for foreign exchange losses and a Kaplan stock compensation expense variance. These additions were offset by a pension budget variance and gains on unbudgeted new acquisitions, investments and dispositions.

In calculating the Company’s achievement of 2018 diluted earnings per share for purposes of making its final bonus determinations for the named executive officers, the Committee also exercised its discretion to exclude certain unusual and unbudgeted items, in addition to the adjustments included in the diluted earnings per share formula. Specifically, the adjustments included additions for unbudgeted intangible and long-lived asset impairment charges; unbudgeted net losses on marketable and other equity securities; unbudgeted debt extinguishment costs; unbudgeted interest expense related to the settlement of a mandatorily redeemable noncontrolling interest; unbudgeted nonoperating expenses related to lease obligations; budgeted gains related to spectrum repack credits not realized at the television broadcasting division; and unbudgeted costs at

Dekko, Panoply and Graham Healthcare Group. These additions were offset by deductions for favorable income tax adjustments related to stock compensation and the release of a valuation allowance on deferred state income taxes; unbudgeted gains on equity method investments; unbudgeted earnings related to Purdue University Global's service fee; and LTIP expense variance from budget at SocialCode, Graham Healthcare Group, CyberVista and Panoply. The Committee adjusted for these items as they do not relate to the regular operating results that are customarily considered by the Committee in determining bonus amounts. Page 39 of the Company's 2018 Annual Report on Form 10-K, filed with the SEC on February 25, 2019, detailed \$1.98 in diluted earnings per share net additions, which comprise most of these discretionary items.

Taking into account these adjustments, the Company's 2018 diluted earnings per share, as adjusted for purposes of the bonus determination, was \$44.59 (compared to reported diluted earnings per share of \$50.20), resulting in the Company's achievement of 129.7% of its revised earnings per share goal for 2018. As a result, the annual bonus payout was approximately 167% of target, based on the established annual formula.

For Mr. Rosen, 25% of his bonus was based on Mr. Rosen's performance of his responsibilities relating to Graham Holdings Company, with a potential payout of 0% to 200% of target, as described above with respect to the other named executive officers, and the remaining 75% was tied to Kaplan's enterprise operating income target of \$89.9 million (this target excludes budgeted restructuring and other costs related to business closures and was adjusted for acquisitions) weighted at 80% and Kaplan's enterprise revenue target of \$1,434.0 million weighted at 20%. The potential payouts for the Kaplan component of Mr. Rosen's bonus amount range from 0% to 190% of target, with a threshold achievement of 80% for the operating income target and 90% for the enterprise revenue target, and the maximum potential payout available in the event 161% of the operating income target is attained and 113% of the enterprise revenue target is met. When aggregating the potential payouts for all components of Mr. Rosen's annual bonus, the potential payouts range from 0% to 193% of target. In calculating Kaplan's enterprise operating income, on this basis, Kaplan achieved adjusted enterprise operating income of \$92.0 million versus a target of \$89.9 million, or 102% achievement, which resulted in payout of the portion of Mr. Rosen's bonus attributable to Kaplan's enterprise operating income of 94% of target. Kaplan enterprise revenue totaled \$1,418.5 million versus a target of \$1,434.0 million, or 99% achievement, which resulted in payout of the portion of Mr. Rosen's bonus attributable to Kaplan's enterprise revenue of 85% of target. Thus, the total percentage achievement of the Kaplan portion of Mr. Rosen's bonus totaled 92% of target, or \$1,125,625.

Restricted Stock

To align the interests of the Company's shareholders and management and to ensure that the full potential of an executive's compensation package cannot be realized unless stock appreciation occurs over a number of years, the 2012 ICP also provides for grants of restricted stock of the Company. To determine the number of shares to be granted, the Committee considers on an individual basis the estimated value of shares already held, the level of contribution the employee has previously made and the potential of the employee to bring additional value to the Company. The shares generally cliff vest at the conclusion of a four-year vesting period and accelerate vesting only at the discretion of the Committee. The named executive officers generally receive grants of restricted stock every other year. Restricted stock grants were made in January 2015 and January 2017. The 2015 grants vested in January 2019 and the 2017 grants will vest in January 2021. For additional information regarding such distributions, see the Outstanding Equity Awards at Fiscal Year-End table.

Performance Units

To highlight specific long-term financial goals, the 2012 ICP provides for the grant of performance-based compensation, which the Company grants pursuant to its Performance Unit Plan, and, in the case of Mr. Rosen, the Kaplan LTIPs, described below. The named executive officers participate in these plans, in which performance-based goals are determined at the beginning of each three- or four-year award cycle. The goals consider operating income, peer company performance, cash flow, earnings per share, measures of economic value added and/or quantitative revenue growth or profitability measurements of the Company as a whole or of individual business units. Management and the Committee believe that they have designed the performance-based goals to be challenging, but achievable. In the past four award cycles, the Company achieved or exceeded its goals and paid out at or above target. Each Performance Unit has a nominal value of \$100 and a maximum potential payout of \$200. The payment of a total award to any individual at the end of an award cycle may not exceed \$5 million.

For each cycle under a Performance Unit Plan, the Committee establishes a valuation formula within 90 days of the beginning of the cycle and no later than prior to the completion of the first quarter of the cycle. At the end of the cycle, the unit value is calculated, based on application of the formula, and payments are made to named executive officers in the year following the end of the cycle. The formula used to calculate the payouts is determined by (i) a weighted combination of factors

that relate to individual business unit performance of the Company’s operating divisions and (ii) the discretion of the Committee. A new four-year cycle commences every two years, with the result that there are always two overlapping cycles in progress.

Awards under the 2015–2018 cycle were based on a three-pronged formula consisting of (1) the value of a Kaplan Performance Unit paid to Kaplan in accordance with the final unit valuation of the 2014–2017 Kaplan LTIP (up to 35% of a \$200 per-unit maximum); plus (2) the value of a Performance Unit under the Graham Media Group (“GMG”) valuation as set forth below (up to 35% of a \$200 per-unit maximum); plus (3) an amount based on cumulative operating income, excluding amortization of intangibles, during the four-year period for SocialCode, Slate, Graham Healthcare Group, Forney Corporation, Joyce/Dayton Corporation and Group Dekko (up to 30% of a \$200 per-unit maximum). In December 2016, the Committee approved an amendment to the 2015–2018 Corporate Performance Unit Plan to include cumulative operating income goals for Group Dekko (acquired by the Company in the fourth quarter of 2015) in category (3) above.

Awards under the 2017–2020 cycle are also based on a three-pronged formula consisting of (1) the value of Kaplan’s cumulative operating income for 2017–2020, excluding amortization of intangibles, Kaplan stock compensation and restructuring charges (up to 30% of a \$200 per-unit maximum); plus (2) the value of a Performance Unit under the GMG valuation as set forth below (up to 30% of a \$200 per-unit maximum); plus (3) an amount based on cumulative operating income, excluding amortization of intangibles, during the four-year period for SocialCode, Slate, Panoply, Foreign Policy, Graham Healthcare Group, Group Dekko, Forney Corporation, Joyce/Dayton Corporation and Hoover Treated Wood Products (up to 40% of a \$200 per-unit maximum). In September 2017, the Committee approved an amendment to the 2017–2020 Corporate Performance Unit Plan to include cumulative operating income goals for Hoover Treated Wood Products (acquired by the Company in the second quarter of 2017) and to include two new GMG stations, WSLS and WCWJ (acquired by Graham Media Group in the first quarter of 2017).

The Committee selected these targets because they reflected the key priorities for the Company on the grant date (or the amendment date, as applicable) for the applicable time periods. The values of Performance Units in the 2015–2018 and the 2017–2020 cycles are determined at the conclusion of those cycles, based on the performance criteria described below.

For the 2015–2018 cycle, the performance measure used for Kaplan in the 2014–2017 Kaplan LTIP is Kaplan enterprise operating income growth. A baseline Kaplan enterprise operating income of \$75 million was established in 2014 and increased year over year by 10%. Provided Kaplan achieved incremental operating income growth above the baseline, the aggregate amount of awards available was calculated as 12% of such growth.

As described above, for the 2017–2020 cycle, the performance measure used for Kaplan is the cumulative operating income over the four-year period of \$500 million, adjusted to exclude amortization of intangibles, Kaplan stock compensation and restructuring charges.

For the 2015–2018 cycle, Kaplan’s incremental operating income growth in the 2014–2017 LTIP was \$110.6 million. The award pool, calculated as 12% of such growth, was \$13.3 million, resulting in a payout of \$38.42 per unit with respect to the portion of performance attributable to Kaplan.

The performance measure used for GMG for both the 2015–2018 and 2017–2020 cycles is GMG’s cumulative cash flow margin ranking over the applicable four-year period compared to the cash flow margins of selected peer companies at the end of the award cycle. Cash flow margin is computed based on operating income before corporate allocation and before charges for interest, depreciation and amortization. As soon as practical after the award cycle, the Committee determines GMG’s cash flow margin rank among the cash flow margins of the peer companies and determines the payout value of each Performance Unit. The value of each Performance Unit is determined as set forth in the following table:

<u>GMG Cash Flow Margin Rank</u>	<u>2015–2018 Cycle:</u>	
	<u>Unit Value</u>	
#1	\$	150
#2	\$	125
#3	\$	50
Below #3	\$	0

<u>GMG Cash Flow Margin Rank</u>	<u>2017–2020 Cycle:</u>	
	<u>Unit Value</u>	
#1	\$	175
#2	\$	150
#3	\$	50
Below #3	\$	0

The GMG formula for the 2015–2018 award cycle provides that the payout value will be increased by \$12.50 for each of the four years during the award cycle in which GMG’s actual cash flow margin is not only number one among peer companies, but is also 2% higher than that of the nearest competitor among the peer companies.

The GMG formula for the 2017–2020 award cycle provides that the payout value will be increased by \$6.25 for each of the four years during the award cycle in which GMG’s actual cash flow margin is not only number one among peer companies, but is also 2% higher than that of the nearest competitor among the peer companies.

In both the 2015–2018 and 2017–2020 award cycles, the formula also provides that the payout value will be reduced by 50% if GMG does not produce operating income in one of the four years during the award cycle. Also, if GMG does not produce operating income for at least two years in the cycle, then there will be no payout with respect to the portion of performance attributable to GMG.

For the 2015–2018 cycle, GMG’s cash flow ranked number one overall for each of the four years during the cycle. In addition, in each of the four years during the cycle, GMG’s cash flow was 2% higher than that of the nearest competitor among the peer companies, resulting in a payout of \$70 per unit with respect to the portion of the performance attributable to GMG.

For the 2015–2018 award cycle, the performance measure during the four-year period for SocialCode, Slate, Graham Healthcare Group, Forney Corporation, Joyce/Dayton Corp. and Group Dekko was based on adjusted cumulative operating income of \$113 million, excluding amortization of intangibles, resulting in a payout of \$17.91 per unit with respect to the portion of performance attributable to these businesses.

For the 2017–2020 award cycle, the performance measure during the four-year period for SocialCode, Slate, Panoply, Foreign Policy, Graham Healthcare Group, Group Dekko, Forney Corporation, Joyce/Dayton Corp. and Hoover Treated Wood Products is based on cumulative operating income of \$281 million, excluding amortization of intangibles.

Performance Units for the 2015–2018 award cycle were valued at \$127 per unit, based on achievement of the above-described performance measures. Performance Unit payouts for the named executive officers for the 2015–2018 award cycle were made in March 2019 and are included in the Summary Compensation Table.

Because the performance measures that compose the valuation formula for Performance Units in the 2017–2020 cycle includes cumulative measures applicable to Kaplan, GMG and the other applicable business units, it is not possible to calculate with certainty any interim Performance Unit values mid-cycle, and no named executive officer is entitled to any payout until the Performance Units vest and the Committee approves the valuation at the conclusion of the cycle. Mr. O’Shaughnessy previously held 7,500 units in the 2015–2018 cycle and currently holds 10,000 units in the 2017–2020 cycle; Mr. Cooney previously held 5,000 units in the 2015–2018 cycle and currently holds 6,500 units in the 2017–2020 cycle; Mr. Rosen previously held 7,000 units in the 2015–2018 cycle; Ms. Maddrey previously held 5,000 units in the 2015–2018 cycle and currently holds 5,000 units in the 2017–2020 cycle; and Mr. Maas previously held 3,500 units in the 2015–2018 cycle and currently holds 5,000 units in the 2017–2020 cycle.

Kaplan Long-Term Incentive Plans

A portion of Mr. Rosen’s performance-based compensation includes the 2016-2019 Kaplan LTIP and the 2018-2020 Kaplan LTIP. Mr. Rosen participates in the Kaplan Corporate component of the 2016-2019 Kaplan LTIP and was awarded 250 units, 25% of the Kaplan Corporate pool. The Kaplan Corporate pool is based on achievement above a baseline four-year cumulative operating income target for Kaplan. Achievement above the baseline operating income target results in the creation of a Kaplan Corporate bonus pool equal to 8% of the overachievement. Kaplan’s baseline operating income target for the cumulative four-year period was established at \$652.6 million, as adjusted for acquisitions or unexpected changes in capital expenditures. A third of the units awarded vested at the end of 2017, an additional third of the units awarded vested at the end of 2018 and the final third of the units awarded will vest at the end of 2019, with achievement payouts in respect of all years occurring in the first quarter of 2020.

Mr. Rosen also participates in the 2018-2020 Kaplan LTIP and was awarded 20% of the Kaplan Corporate Pool. The Kaplan Corporate pool is based on enterprise and business unit performance components. For the enterprise component, achievement above a baseline three-year cumulative operating income target of \$309.3 million, as adjusted for acquisitions and unexpected changes in capital expenditures, results in the creation of a Kaplan Corporate pool equal to 2% of overachievement. For the business unit component, baseline three-year cumulative operating income targets for each of the Kaplan business units was established based on 2017 results and will be adjusted for acquisitions or unexpected changes in capital expenditures. Achievement above the baseline operating income targets for each of the Kaplan business units would result in the creation of a Kaplan Corporate bonus pool equal to 8% of the overachievement. The 8% award pool percentage increases by the number of basis points that a business unit's operating margin exceeds a base level operating margin. Seventy-five percent of the award will vest at the end of 2020 and twenty-five percent will vest at the end of 2021, the year following the end of the plan. Payouts of vested amounts will occur in March, following the relevant vesting tranche.

Stock Options

Pursuant to the terms of the 2012 ICP, shares of Class B Stock may be issued upon the exercise of stock options granted to key employees of the Company. The Committee, however, does not grant stock options on a consistent basis and grants stock options only when a key employee has made a significant contribution to the Company and demonstrates the ability to make additional contributions. The options generally vest over six years, and expire 10 years from the grant date.

Retirement Benefits

Qualified Defined Contribution and Defined Benefit Plan

Most employees of the Company, including certain named executive officers, are eligible to participate in the Company's qualified defined contribution 401(k) savings plan that provides matching Company contributions and a defined benefit retirement plan. Benefits under these plans are determined on the basis of base salary only, exclusive of all bonuses, deferred compensation and other forms of remuneration.

Eligible Corporate employees hired or rehired by the Company on or after September 1, 2009, participate in the Cash Balance Retirement Program ("CBRP"). Eligible Corporate employees who were actively employed on or after August 1, 2012, also participate in the Secure Retirement Account ("SRA"). Both the CBRP and the SRA are non-contributory defined benefit programs expressed in the form of hypothetical account balances that grow through quarterly pay-based credits and quarterly interest credits. Corporate employees hired prior to September 1, 2009, including certain named executive officers who are vested and who begin to take their pension benefit at age 65 or whose age and years of service when added together equal 90 (the "Rule of 90"), receive an annual pension equal to 1.75% of their highest average 60-month base salary annualized up to the limits permitted by the Code, minus Social Security-covered compensation multiplied by the appropriate Social Security offset percentage and early retirement factor, multiplied by the number of years of credited service under the Graham Holdings Retirement Benefits Schedule ("Graham Schedule"). Cash pension supplements are also provided to assist in payment of retiree medical coverage. The annual cash pension supplement is equal to \$200 multiplied by the number of years of credited service under the Graham Schedule. An additional temporary Pre-Age 65 pension supplement of \$250 per month (\$2,075 per month for those participants who have attained age 50 with 5 years of vesting service as of September 1, 2018) is provided to participants under the Graham Schedule who retire and commence benefit payment at or after age 55, but prior to age 65, and who had 10 years of vesting service at retirement. The temporary Pre-Age 65 supplement is discontinued when the retiree qualifies for Medicare (the month prior to the 65th birthday).

Non-Qualified Supplemental Executive Retirement Plans

The Company maintains an unfunded SERP that was designed to retain and recruit key executives. Mr. Rosen participates in the SERP. Participants in the SERP were selected by management as employees whom management most wanted to retain because of their superior performance and were approved for participation by the Committee. The Company closed the plan to new participants as of December 2015.

To offset limitations placed on the income that can be considered in the formulas of retirement plans and benefits that can be payable from the plans, the SERP provides a "supplemental retirement benefit." This benefit is calculated under the rules of the qualified defined benefit retirement plan, but without reference to such income and benefit limitations, and includes in the calculation compensation from annual bonuses in the case of Mr. Rosen. In any instance in which a retiring executive's supplemental retirement benefit exceeds the benefit payable by the qualified defined benefit plan or plans, the Company will pay the excess to him or her as a supplemental retirement benefit. Benefits provided under the SRA of the qualified retirement plan are not covered by the SERP.

The SERP also provides key executives, including Mr. Rosen, with tax deferred accruals of amounts proportionate to the benefits available to non-highly compensated participants in the Company's 401(k) savings plan, to the extent that benefits exceed those under the Company's basic plans because of the tax law limitations (currently \$56,000). The executive is required to defer compensation to the SERP savings plan in order to receive the applicable matching Company contribution each year.

Non-Qualified Deferred Compensation Plan

The Company also maintains a Deferred Compensation Plan, which has been closed to new participants and new deferrals for existing participants since December 2015. Mr. Rosen participates in this plan. The Deferred Compensation Plan is an unfunded plan that allowed a select group of senior executives and non-employee Directors the opportunity to voluntarily defer, on a non-qualified basis, the receipt of certain compensation payments or fees. For employee participants, including certain named executive officers, eligible compensation for deferral was limited to annual bonus and certain long-term cash awards (including Performance Unit grants) under the 2012 ICP.

Employment Agreements and Severance Packages

Mr. O'Shaughnessy's Agreement

The Company entered into a letter agreement with Mr. O'Shaughnessy in October 2014 to incentivize him to accept the position of President of the Company. Pursuant to his employment agreement, Mr. O'Shaughnessy was entitled to a grant of 5,000 Performance Units in the 2013–2016 performance cycle and a grant of 7,500 Performance Units in the 2015–2018 cycle and was granted a new-hire option award of 77,258 (post Cable ONE spin-off) stock options. In addition, pursuant to Mr. O'Shaughnessy's employment agreement, if he is terminated for any reason other than cause while his new-hire option award remains outstanding, subject to the execution of a separation and release agreement within 30 days following his termination, he will vest in the next tranche of options that is scheduled to vest after his termination, and he will have up to three months (or shorter if through the expiration date of the award) following termination to exercise any vested options.

Under the terms of Mr. O'Shaughnessy's letter agreement, and as consideration for the benefits provided in the agreement, Mr. O'Shaughnessy agreed to non-competition, non-solicitation of customers and employees and no-hire restrictions for a one-year period following termination, as well as to maintain the confidentiality of certain information related to the Company and its businesses at all times following termination.

Mr. Rosen's Agreement

The Company entered into a letter agreement with Mr. Rosen in April 2014 to incentivize him to accept the position of Chairman of Kaplan and Executive Vice President of the Company. In addition, pursuant to his employment agreement, he was entitled to a grant of 3,000 Performance Units in the 2013–2016 performance cycle and 7,000 Performance Units in the 2015–2018 performance cycle.

If Mr. Rosen is terminated by the Company without cause, he will receive a one-time lump-sum cash payment of \$3,500,000, payable on the 65th day following termination of employment, and prorated vesting of outstanding restricted stock and stock options held at the time of termination, provided that he signs an irrevocable separation and release agreement no later than 60 days following the date of his termination.

Under the terms of Mr. Rosen's letter agreement, and as consideration for the benefits provided in the agreement, Mr. Rosen agreed to non-competition, non-solicitation of customers and employees and no-hire restrictions for a one-year period following termination, as well as to maintain the confidentiality of certain information related to the Company and its businesses at all times following termination.

Mr. Maas' Agreement

The Company entered into a letter agreement with Mr. Maas in August 2015 to incentivize him to accept the position of Senior Vice President–Planning and Development in the Corporate Office of Graham Holdings Company. Pursuant to his employment agreement, Mr. Maas was entitled to a grant of 3,500 Performance Units in the 2015–2018 cycle. He was also granted a new-hire option award of 2,000 (post Cable ONE spin-off) stock options. In addition, pursuant to Mr. Maas' employment agreement, if he is terminated for any reason other than cause while his new-hire option award remains outstanding, subject to the execution of a separation and release agreement within 30 days following his termination, he will vest in the next tranche of options that is scheduled to vest after his termination, and he will have up to three months (or shorter if through expiration date of the award) following termination to exercise any vested options.

Under the terms of Mr. Maas' letter agreement, and as consideration for the benefits provided in the agreement, Mr. Maas agreed to non-competition, non-solicitation of customers and employees and no-hire restrictions for a one-year period following termination, as well as to maintain the confidentiality of certain information related to the Company and its businesses at all times following termination.

Results of Shareholder Advisory Votes on Executive Compensation

At the 2018 Annual Meeting of Shareholders, the Company's Class A Shareholders unanimously approved the overall 2017 compensation for its named executive officers, including the policies and practices related thereto. The Company believes this vote reflected Class A Shareholder approval of its pay-for-performance philosophy and the absence of pay practices that shareholders consider problematic. Accordingly, the Committee generally continued to apply the same principles in determining the amounts and types of executive compensation for 2018 as outlined in its compensation philosophy and framework. The Committee values the shareholder feedback provided through the vote and will consider the results of the vote, as well as future votes, in refining the development of the Company's compensation program and goal setting in the future.

COMPENSATION COMMITTEE REPORT

The Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and, based on such review and discussions, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- Amounts in this column represent base salary earned for each of the named executive officers in 2018.
- The amounts shown in this column represent the grant date fair value of stock and option awards computed in accordance with FASB ASC TOPIC 718 and reflect the grant date fair value of stock and option grants made through the close of the 2018 fiscal year, rather than amounts paid to or realized by the named executive officers. There can be no assurance that the amounts calculated will be realized, and amounts realized could ultimately exceed the amounts calculated. See Note 13 of Notes to the Consolidated Financial Statements contained in the Company’s Annual Report on Form 10-K, filed on February 25, 2019, for a discussion of the assumptions used in valuation of the stock and option awards.
- Amounts in this column for 2018 represent payments under the 2018 annual bonus plan and the 2015–2018 Performance Unit Plan as follows: Mr. O’Shaughnessy, \$1,253,307 in annual bonus, \$952,500 in Performance Units; Mr. Cooney, \$484,612 in annual bonus, \$635,000 in Performance Units; Mr. Rosen, \$1,804,500 in annual bonus, \$889,000 in Performance Units; Ms. Maddrey, \$384,347 in annual bonus, \$635,000 in Performance Units; Mr. Maas, \$384,347 in annual bonus, \$444,500 in Performance Units. Amounts in this column for 2017 represent payments under the 2017 annual bonus plan. Amounts in this column for 2016 represent payments under the 2016 annual bonus plan and the 2013–2016 Performance Unit Plan as follows: Mr. O’Shaughnessy, \$860,025 in annual bonus, \$1,000,000 in Performance Units; Mr. Cooney, \$220,166 in annual bonus, \$700,000 in Performance Units; Mr. Rosen, \$1,301,877 in annual bonus, \$600,000 in Performance Units; Ms. Maddrey, \$240,807 in annual bonus, \$350,000 in Performance Units.
- There were no above-market or preferential earnings on compensation deferred on a non-tax-qualified basis, and therefore, no such earnings are reflected in the amounts shown in this column.

Benefits were assumed to commence at the age when benefits under the SERP are first unreduced, or the age when benefits under The Retirement Plan for Graham Holdings Company (“Retirement Plan”) are first unreduced due to the attainment of the earlier of the named executive officer’s normal retirement date at age 65 or eligibility under the Rule of 90 (age plus service greater than or equal to 90 with age at least 55). The benefits were discounted to the date as of which the benefits were determined (either 12/31/2018, 12/31/2017 or 12/31/2016). Assumed benefit commencement ages are shown below, rounded to the nearest age:

O’Shaughnessy:	age 65
Cooney:	age 64 (will be eligible for unreduced benefits under the Rule 90)
Rosen:	age 58 (is currently eligible for unreduced benefits under the Rule of 90)
Maddrey:	age 65
Maas:	age 65

Changes in the present value of benefits in 2018 are attributable to the Retirement Plan and the corresponding benefit under the SERP are as follows: Mr. O’Shaughnessy—\$24,652 Retirement Plan; Mr. Cooney—\$44,099 Retirement Plan; Mr. Rosen—\$25,965 Retirement Plan; Ms. Maddrey—\$20,831 Retirement Plan; and Mr. Maas—\$19,598 Retirement Plan. Negative changes in Pension Value were excluded from this column which for Mr. Rosen was \$(274,785) SERP. The annual change in the present value of accumulated benefits equals the difference in the accumulated value for the current fiscal year and the accumulated value for the prior fiscal year, generally using the same actuarial assumptions as used for the Company’s audited financial statements for the applicable fiscal year. Discount rates of 4.30% at 12/31/2018, 3.60% at 12/31/2017 and 4.10% at 12/31/2016 and applicable generational mortality tables for those years were used for this purpose. The benefits as of 12/31/2017 and 12/31/2016 were valued as annuities payable for life, and as of 12/31/2018, 50% of the benefit accumulated was valued as a lump sum, and 50% was valued as an annuity payable for life under the Retirement Plan. Cash Balance and Secure Retirement Account benefits are assumed to be taken as a lump sum with a 90% probability and an annuity with a 10% probability as of 12/31/2018.

5. For 2018, the amounts shown include the information detailed in the following table:

PENSION BENEFITS

The Pension Benefits table includes information related to the Company's funded and tax-qualified defined benefit plan, The Retirement Plan, as well as the associated unfunded and non-qualified supplemental executive retirement plan, the SERP. The Retirement Plan covers most employees of the Company and provides benefits that are based on formulas that take into account base salary and qualifying service. Such formulas are contained in individual affiliate benefits schedules, including the Graham Schedule, the Newsweek Schedule, the Kaplan Schedule and the Cash Balance Retirement Program ("CBRP") and Secure Retirement Account ("SRA") schedules. Benefits under The Retirement Plan become vested after three years of service. All of the named executive officers are fully vested in their benefits under The Retirement Plan.

The SERP provides supplemental defined benefit retirement benefits that are calculated based on the formulas in The Retirement Plan, but include bonuses under the 2012 ICP, rather than just base salary, without regard to (i) the salary limitation applicable to tax-qualified plans (currently \$280,000) or (ii) the benefit limitation applicable to tax-qualified plans (currently \$225,000 per year, commencing at age 65). The SERP provides benefits only to the extent that the benefit described above exceeds the benefit in The Retirement Plan.

Retirement Plan Benefits Under the Graham Schedule

Mr. Cooney, Mr. Rosen and Ms. Maddrey are participants in the Graham Schedule. Benefits payable under the Graham Schedule include the following, subject to the limitations on tax-qualified plans mentioned above:

- An annual pension (payable one-twelfth each month) option equal to (a) 1.75% of the average annual salary for the 60-month period producing the highest average; multiplied by (b) years of credited service; reduced by (c) an offset to partially reflect Social Security benefits to the extent funded by the Company. The Social Security offset is calculated by multiplying "covered compensation" by the "offset percentage." Covered compensation in this context is the average Social Security Taxable Wage Base over the 35-year period prior to the year in which a participant reaches Social Security retirement age. The offset percentage is a percentage ranging from 0.54% to 0.60% (depending on the year of the participant's birth), multiplied by years of credited service (which was limited up to 30 years, until the plan was amended in 2011 to recognize credited service in excess of 30 years).
- An annual Cash Pension Supplement equal to \$200 multiplied by years of credited service.
- A temporary Pre-Age 65 supplement of \$2,075 per month payable until age 65 to certain eligible employees retiring at or after age 55 with 10 years of vesting service. This reflects an amendment made in 2018 increasing the supplement by \$1,825 for certain eligible employees as of September 1, 2018. Employees not eligible for the increased supplement receive the plan's existing Pre-Age 65 supplement of \$250 per month. The change in the Pre-Age 65 supplement was made to help offset changes to the Company's retiree medical plan.

Vested benefits under The Retirement Plan are generally payable in the form of a single life annuity or lump sum (which was adopted in 2018 to permit certain eligible employees commencing a benefit on or after January 1, 2019, to elect a single, lump-sum payment). In addition, several optional forms are available that continue benefits to the employee's spouse or beneficiary, with the monthly benefit amount reduced so that the resulting pension is actuarially equivalent to the single life annuity. The Retirement Plan's normal retirement age is 65. The Graham Schedule provides a reduced benefit beginning at age 55. The reduction is a percentage based on age at retirement. For example, at age 55 with 10 years of service, the reduction is 60%; at age 58, the reduction is 26%. However, if the employee's age plus years of service at retirement is at least 90 (the "Rule of 90"), then there is no reduction for early payment.

Retirement Plan Benefits Under the Newsweek Schedule

A portion of Mr. Rosen's pension benefit was earned under the Newsweek Schedule. Vested benefits payable under this Schedule include the following, subject to the limitations on tax-qualified plans mentioned above:

- An annual pension (payable one-twelfth each month) equal to 1.0% of the highest average compensation multiplied by years of credited service with Newsweek after 1982 (with a slightly different formula for service before 1983).
- An annual Cash Pension Supplement equal to \$150, multiplied by years of credited service (up to 30 years).

The Newsweek Schedule permits early retirement with full benefits at various combinations of age and service. Mr. Rosen will be eligible for an unreduced early retirement benefit at age 60.

Retirement Plan Benefits Under the Kaplan Schedule

A portion of Mr. Rosen's pension benefit is earned under the Kaplan Schedule. Under this Schedule, the employee has an account (expressed as a lump-sum amount, rather than as an annuity) that is credited with quarterly pay-based credits and interest credits. Pay-based credits vary from 2.25% of salary to 3.75% of salary, depending on years of service. Interest is credited on these accounts at the greater of 1.41% or 1% plus the average interest rate on one-year U.S. Treasury securities. Upon retirement, the employee may elect various forms of annuities that are actuarially equivalent to the accumulated account balance, or, alternatively, may elect a lump-sum payment. Vested benefits are payable upon termination of employment at any age.

Retirement Plan Benefits Under the SRA

A portion of Mr. O'Shaughnessy's, Mr. Cooney's, Mr. Rosen's, Mr. Maas', and Ms. Maddrey's pension benefit is earned under the SRA Schedule. Under this Schedule, each employee has an account (expressed as a lump-sum amount, rather than as an annuity) that is credited with quarterly pay-based credits and interest credits. Pay-based credits vary from 4.62% to 7.35% for Mr. Cooney and Ms. Maddrey and 2.20% to 3.50% for Mr. O'Shaughnessy, Mr. Maas and Mr. Rosen, depending on years of service. In 2018, the plan was amended to provide an increase of 0.50% (before the multiplier) to each pay-credit tier effective January 1, 2019. Interest is credited on these accounts at the greater of 1.41% or 1% plus the average interest rate on one-year U.S. Treasury securities. Upon retirement, the employee may elect various forms of annuities that are actuarially equivalent to the accumulated account balance, or, alternatively, may elect a lump-sum payment. Vested benefits are payable upon termination of employment at any age.

Retirement Plan Benefits Under the CBRP

A portion of Mr. O'Shaughnessy's and Mr. Maas' pension benefit is earned under the CBRP Schedule. Under this Schedule, each employee has an account (expressed as a lump-sum amount, rather than as an annuity) that is credited with quarterly pay-based credits and interest credits. Pay-based credits vary from 2.25% to 3.75%, depending on years of service. Interest is credited on these accounts at the greater of 1.41% or 1% plus the average interest rate on one-year U.S. Treasury securities. Upon retirement, the employee may elect various forms of annuities that are actuarially equivalent to the accumulated account balance, or, alternatively, may elect a lump-sum payment. Vested benefits are payable upon termination of employment at any age.

SERP Benefits

As explained above, the SERP, closed to new participants, provides benefits to certain eligible employees (including Mr. Rosen) under the formulas outlined above, including bonuses in addition to salary, without regard to the limits on compensation and benefits, to the extent that the resulting total benefit exceeds the benefits payable under The Retirement Plan. Benefits under the SERP are paid at retirement or age 55, if later, and are payable either in the form of a life annuity or an

actuarially equivalent optional form of benefit in The Retirement Plan, provided that any benefits otherwise payable before the first day of the seventh month following retirement will be withheld until such date. Benefits provided under the SRA Schedule of The Retirement Plan are not covered by the SERP.

1. Data in this column represent the number of years of credited service earned by the named executive officer as of December 31, 2018. Mr. Rosen has prior service with Kaplan, Newsweek and Graham Holdings Company. All are included in this column.

2. Amounts in this column represent the actuarial present value of the named executive officer's accumulated benefits under the plan as of December 31, 2018. The benefits valued for Mr. O'Shaughnessy and Mr. Maas include benefits under the SRA Schedule and CBRP Schedule. The benefits valued for Mr. Rosen include the Graham Schedule, Newsweek Schedule, Kaplan Schedule, SRA Schedule and SERP amount. The benefits valued for Mr. Cooney and Ms. Maddrey include the Graham Schedule and SRA Schedule.

The assumptions used in determining the present value of accumulated benefits are the RP-2018 Fully Generational Mortality Table for males and females and a 4.30% discount rate. The benefits valued reflect service and earnings through December 31, 2018, and are valued as payable on the earliest date at which the SERP benefits are unreduced, or the earliest date at which The Retirement Plan benefits are unreduced if the named executive officer does not have a SERP benefit. There can be no assurance that the amounts listed in this column will ever be fully paid out to the applicable named executive officer. In addition, as of December 31, 2018, 50% of the benefits under the qualified Graham Schedule is valued as a lump sum and 50% as an annuity payable for life. It is also assumed that benefits under the Cash Balance and Secure Retirement Account Schedules will be taken as a lump sum with a 90% probability and an annuity with a 10% probability. The annuity was converted to a lump-sum value using the 2019 PPA combined unisex mortality for single-sum payments and interest rates of 3.10% for payments in the first five years, 4.15% for payments in years five through 20 and 4.46% for years thereafter.

NON-QUALIFIED DEFERRED COMPENSATION

The following table includes information related to the SERP and the Deferred Compensation Plan. Among the benefits provided under the SERP, closed to new participants, is a supplemental defined contribution plan benefit wherein the Company provides a matching contribution percentage up to 4% of the participating executive's base salary in excess of the annual covered compensation limit applied to qualified plan benefits (\$275,000 in 2018). The executive is required to make contributions to the SERP in order to receive the applicable matching Company credit each year. The Deferred Compensation Plan, closed to new and existing participants, provided an opportunity for participants to voluntarily defer the receipt of all or a portion of annual bonus and/or certain long-term cash awards made under the 2012 ICP. Elections to defer had to be filed in advance of earning such awards. Deferred amounts under both plans will earn investment credits in accordance with the participant's elections from a choice of investment indexes. Amounts deferred under the SERP are payable on the first day of the seventh month following termination of service. Amounts deferred under the Deferred Compensation Plan are payable on the first business day of the seventh month following the date of separation from service or such other future date as specified by the participant at the time of election. Effective for deferrals made on or after January 1, 2014, amounts deferred under the Deferred Compensation Plan are payable no later than the first business day of the seventh month following the date of separation of service.

Potential Payments Upon Termination or Change in Control

General

The Company does not have any agreements with any of the named executive officers that provide payments in conjunction with a change in control. A description and quantification of the estimated dollar value of potential severance payments and other benefits that would be provided to the named executive officers (or, in the case of death, to their respective estates or beneficiaries) under the named executive officer's respective letter or employment agreements, option award agreements and individual arrangements following a termination of their employment is described below, assuming, in accordance with the SEC regulations, all relevant events occurred on December 31, 2018. For purposes of the valuations below, the price of Class B Common Stock (to which all applicable equity awards relate) is assumed to be \$640.58, which was the closing share price on December 31, 2018.

Upon a termination of employment, each of Messrs. O'Shaughnessy, Cooney, Rosen, Maas and Ms. Maddrey would be entitled to pension and, in the case of Mr. Rosen, deferred compensation and SERP benefits in accordance with the terms of each plan in which they participate, as described above in "Executive Compensation: Pension Benefits" and "Executive Compensation: Non-Qualified Deferred Compensation."

In addition, in the case of a termination by the Company other than for cause, Mr. O'Shaughnessy would be entitled to accelerated vesting of the next tranche of options that is scheduled to vest following such termination, as described above in "Compensation Disclosure and Analysis: Employment Agreements and Severance Packages." Assuming a termination of employment as of December 31, 2018, Mr. O'Shaughnessy would be entitled to accelerated vesting of 12,877 stock options

(representing a value of \$0, based on their exercise price of \$719.15 per share) and 3,790 stock options (representing a value of \$0, based on their exercise price of \$872.01 per share), subject to his signing of a release of claims in favor of the Company that has become irrevocable.

Under the terms of his option award agreement, in the case of a termination by the Company other than for cause, Mr. Cooney would be entitled to accelerated vesting of the next tranche of options that is scheduled to vest following such termination. Assuming a termination of employment as of December 31, 2018, Mr. Cooney would be entitled to accelerated vesting of 333 stock options (representing a value of \$0, based on their exercise price of \$845.72 per share), subject to his signing of a release of claims in favor of the Company that has become irrevocable.

In the case of a termination by the Company other than for cause, Mr. Rosen would be entitled to (1) accelerated vesting of a pro rata portion of his outstanding and unvested stock options and restricted stock, which, assuming a termination of employment as of December 31, 2018, would result in accelerated vesting of 1,500 shares of Company restricted stock (representing a value of \$960,870) and 1,000 shares of Cable ONE restricted stock (representing a value of \$820,100) and (2) a severance payment of \$3,500,000, payable in a lump sum on the 65th day following such termination in accordance with the terms of his employment agreement, in each case, as described above in "Executive Compensation: Employment Agreements and Severance Packages," and subject to his signing a release of claims in favor of the Company that has become irrevocable.

Under the terms of his letter agreement, in the case of a termination by the Company other than for cause, Mr. Maas would be entitled to accelerated vesting of the next tranche of options that is scheduled to vest following such termination. Assuming a termination of employment as of December 31, 2018, Mr. Maas would be entitled to accelerated vesting of 333 stock options (representing a value of \$0, based on their exercise price of \$804.80 per share), subject to his signing of a release of claims in favor of the Company that has become irrevocable.

Each of Messrs. O'Shaughnessy, Maas and Rosen are subject to restrictive covenants that apply following termination for any reason, as described above in "Executive Compensation: Employment Agreements and Severance Packages."

Ratio of CEO Pay to Median Employee Pay

In the Company's 2018 proxy statement, filed on March 22, 2018, the Company described the methodology it used to identify the median employee for 2017. In light of the fact that the size of the Company's employee population and the levels and categories of employee compensation practices remain consistent with 2017, the Company determined that there have been no changes in its employee population or employee compensation arrangements that would result in a significant change to its pay ratio disclosure. Accordingly, in accordance with SEC regulation, for purposes of calculating the pay ratio in this proxy statement, the Company elected to use the same median employee that was used for purposes of determining its pay ratio in its 2018 proxy statement.

For 2018, the Company estimates that the ratio of CEO pay to median employee pay was 77:1. The median employee's annual compensation in 2018 was \$38,692. As reflected in the Summary Compensation Table, the 2018 annual total compensation of the Company's CEO was \$2,983,209. This ratio represents a reasonable estimate calculated in a manner consistent with SEC regulations.

AUDIT COMMITTEE REPORT

One of the standing committees of the Board of Directors of the Company is the Audit Committee. Currently, there are four non-employee members of the Board on the Audit Committee: Christopher C. Davis; Thomas S. Gayner, who serves as Chairman of the Audit Committee; Jack A. Markell (who was appointed to the Audit Committee in January 2019) and G. Richard Wagoner, Jr. The Audit Committee operates under a delegation of authority from the Board of Directors, which has determined that each Committee member is “independent” under the listing standards of the New York Stock Exchange. Specifically, the Board determined that none of the members of the Audit Committee (or any immediate family member) (i) had been employed by or affiliated with the Company within the past three years, (ii) received any compensation from the Company other than Director and Committee fees, (iii) is an employee of a company that makes payments to or receives payments from the Company in an amount that exceeds the greater of \$1 million or 2% of such other company’s consolidated gross revenues within the past three years or (iv) has a material relationship with the Company.

Management has the primary responsibility for the preparation of the Company’s financial statements in accordance with generally accepted accounting principles and for the financial reporting process, including its system of internal control. The Company’s independent auditor, PricewaterhouseCoopers LLP, is responsible for auditing those financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. In this context, the Audit Committee’s responsibility is to monitor and review these processes, as well as the independence and performance of the Company’s auditor. In undertaking its monitoring and reviewing responsibilities, without independent verification, the Audit Committee has relied on (i) management’s representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles in the United States of America and (ii) the representations of PricewaterhouseCoopers LLP included in their report on the Company’s financial statements.

The Audit Committee has reviewed and discussed the audited fiscal year 2018 financial statements with the Company’s management. In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by PCAOB Auditing Standard No. 1301. The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence and has discussed with the independent accountant the independent accountant’s independence. The Audit Committee has also considered whether PricewaterhouseCoopers LLP’s provision of non-audit services to the Company is compatible with the independence of such firm.

The Audit Committee also reviewed matters relating to the Company’s internal control over financial reporting.

Preapproval policy

In 2018, the Audit Committee again reviewed and reauthorized its policies and procedures with regard to the preapproval of audit and non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor’s independence. Unless a type of service to be provided by the independent auditor has received preapproval, it will require specific preapproval by the Audit Committee. Any proposed services exceeding preapproved cost levels will require specific preapproval by the Audit Committee. The term of any preapproval is 12 months from the date of preapproval, unless the Audit Committee specifically provides for a different period. The Audit Committee will periodically review and preapprove the services that may be provided by the independent auditor without obtaining specific preapproval from the Chairman of the Audit Committee, as well as revise the list of preapproved services from time to time, based on subsequent determinations. All Audit fees, audit-related fees, tax fees and all other fees were preapproved by the Audit Committee.

The Audit Committee will not delegate to management responsibilities to preapprove services performed by the independent auditor. The Audit Committee may delegate preapproval authority to one or more of its members. The annual audit services engagement terms and fees will be subject to the specific preapproval of the Audit Committee. The Audit Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other matters. In addition to the annual audit services engagement specifically approved by the Audit Committee, the Audit Committee may grant preapproval for other audit services, which are those services that only the independent auditor reasonably can provide.

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements or that are traditionally performed by the independent auditor. The Audit Committee believes that the provision of audit-related services does not impair the independence of the independent auditor.

The Audit Committee believes that the independent auditor can provide tax services to the Company, such as tax compliance, tax planning and tax advice, without impairing such auditor's independence. However, the Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Code and related regulations.

The Audit Committee may grant preapproval of those permissible non-audit services classified as "All Other" services that it believes are routine and recurring services and would not impair the independence of the auditor. Preapproval fee levels for all such services to be provided by the independent auditor will be established annually by the Audit Committee. Any proposed services exceeding these levels will require specific preapproval by the Audit Committee.

Requests or applications to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by the Chief Financial Officer or Chief Accounting Officer (or other designated officer) and must include a statement from that individual as to whether, in his or her view, the request or application is consistent with the Securities and Exchange Commission's rules on auditor independence.

In addition, the Audit Committee has established procedures for, and received periodic reports on, the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters through the use of a third-party-managed telephone hotline.

Audit Fees

PricewaterhouseCoopers LLP's fees for the annual audit, statutory audits and reviews of financial statements included in the Company's quarterly filings, including reimbursable expenses, were \$5,439,000 in 2018 and \$5,394,700 in 2017, which fees were reviewed and approved by the Audit Committee.

Audit-Related Fees

PricewaterhouseCoopers LLP's fees for assurance and related services reasonably related to the performance of the audit or reviews of financial statements and not included under "Audit Fees" above, including reimbursable expenses, were \$225,000 in 2018 and \$550,000 in 2017, which fees were reviewed and approved by the Audit Committee. These fees were primarily audit-related work associated with the Company's implementation of the new revenue recognition and leasing standards and the Company's debt offering.

Tax Fees

PricewaterhouseCoopers LLP's fees for tax compliance, tax advice and tax planning, including reimbursable expenses, were \$227,266 in 2018 and \$430,852 in 2017, which fees were reviewed and approved by the Audit Committee. These fees were primarily for federal, multi-state and international tax consulting, as well as tax due diligence and transaction analysis.

All Other Fees

PricewaterhouseCoopers LLP's fees for other services, including a finance and accounting research tool provided by PricewaterhouseCoopers LLP, were \$10,710 in 2018 and \$10,710 in 2017, which fees were reviewed and approved by the Audit Committee.

Based on such review and discussion and in reliance thereon, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018, for filing with the Securities and Exchange Commission.
